President Dr. Yoko Niiyama
Vice President Dr. Nobuhiro Suzuki
Managing director Dr. Tomoko Ichida

Respected Colleague, the President of the Agricultural Economics Society of Japan Mrs. Dr. Yoko Niiyama, it is our privilege and special pleasure to invite you and the Japanese agricultural economists to the 14th Congress of the European association of the agricultural economists (EAAE). Our association has chosen Ljubljana, the capital of Slovenia for the 14th Congress venue entitled »Agri-Food and Rural Innovations for Healthier Societies«. The congress will be held between 26th and 29th of August 2014.

We would like to express our warm invitation to the Japanese scientist in the broad area of agricultural economics to participate at the congress. We are expecting around 1.000 participants from all over the world to share their recent results and innovative research approaches and to contribute to the congress programme with their works.

The Programing committee of the Congress welcomes proposals for special Japanese sessions, where particular selected topics could be presented. Proposals should include session title, session rationale, titles and one-page abstracts of each proposed presentation, and names and contact information of authors, discussants, and moderators. Organised sessions should be planned for 90 minutes in duration.

Furthermore the Local organising committee of the congress will assure a special attention to the traveling needs of your members including attractive accompanying persons programme and assistance in organisation of the post-congress tours to the most attractive destination in Europe.

Thus, we are looking forward to welcome you and your colleagues the Japanese agricultural economists in Ljubljana, the heart of Europe and to receive you according to the traditional Slovenian hospitality.

With our best personal regards!

Prof. Allan Matthews,
The president of EAAE

Ass. Prof. Aleš Kuhar,
The president of the Local organising committee
